

Specialty Chemical Solutions

AgroClean Alkaline/Caustic Detergent

- Phosphate free, non-foaming, stabilizes chlorine, and includes scale inhibitors and rinse aids to leave your system clean
- Special rinse additives promotes rapid and clean sheeting
- Chelating agents bind metallic salts for efficiency in hard water conditions

UBC

- Powdered non-caustic oxygenated all-purpose cleaner for hard surfaces
- Effectively cleans items that can't be reached
- Strong enough to remove difficult build up

SurChlor

- Economical and effective liquid sanitizer and disinfectant containing 12.5% sodium hypochlorite solution.
- Intended for use as a sanitizer with no potable water rinse required (USDA designation D2) in food processing

OXYSAN 25

- EPA Registered peracetic acid based micro-biocide
- Can be used as a microbial control in wastewater and sewage effluent in public and private treatment facilities
- Concentrate formulation designed for use in commercial, institutional and industrial operations

Foaming Alkaline Cleaner

- For manual washing of parts and utensils
- Foam penetrates soils for effective removal
- Rinses easily and results in shiny and clean equipment

High Foaming Acid Cleaner

- Provides a rich foam which clings to vertical surfaces increasing penetration time.
- Provides excellent sheeting action for quick, spot free drying
- Use on exterior surfaces of storage tanks, vats, processing surfaces, utensils and similar

BioSan

Peracetic Acid Antimicrobial & Sanitation Solutions

Antimicrobial and Intervention Chemicals

A major issue in the food industry today is food safety. Microbial contamination is the number one enemy of the food supply. Peracetic acid (PAA) is effective methods for control of microbial contamination.

Biosan, LLC offers two FDA-accepted peracetic acid products for use in federally inspected (FSIS) locations, to help reduce contamination and cross-contamination of edible food products. They can be used as an acidifier in scald tanks and as an antimicrobial agent for fruits, vegetables, meat, poultry and eggs in flume washing or misting.

- ✔ **FCN: 1639 for meat, poultry, fruit and vegetables**
- ✔ **FCN: 1799 for fish, seafood, marinades and brines**
- ✔ **Food production antimicrobial without chlorine; no rinse needed**
- ✔ **Reduce harmful micro-organisms on raw foods**
- ✔ **Approved for on-line and off-line reprocessing (OLR/OFLR)**
- ✔ **Prevent food-borne illness such as Campylobacter, Escherichia coli, and Salmonella enterica**
- ✔ **Reduce food spoilage and increase profitability**

Biosan 1510 MPS

Peracetic Acid: 16%
Hydrogen Peroxide: 10.5%

Biosan 2205 MPS

Peracetic Acid: 22%
Hydrogen Peroxide: 5%

EPA Registered Sanitizing Solutions

Industries across the globe are facing a rising standards for sanitation. Peracetic Acid has outstanding sanitizing and oxidation properties and acts as a potent biocide.

Biosan, LLC offers a range of EPA Registered peracetic acid solutions for circulation cleaning and industrial sanitizing of equipment such as tanks, pipelines, evaporators, fillers, pasteurizers, aseptic equipment, and for sanitizing previously cleaned food contact surfaces of equipment, and as a disinfectant and bleaching agent in laundry applications. .

- ✔ **No rise, non-foaming formula**
- ✔ **Safe for discharge to land or surface irrigation**
- ✔ **Effective against Staphylococcus aureus, Escherichia coli, and Salmonella enterica**
- ✔ **Sanitation of hard non-porous food contact surfaces**
- ✔ **Control of slime-forming bacteria and biofouling in recirculating cooling water systems**
- ✔ **For more registered claims and uses, please contact a Biosan representative**

OXYSAN Acid Sanitizer

Peracetic acid: 5.3%
Hydrogen Peroxide: 22.5%
EPA Registration Number 91628-1

OXYSTRIKE*

Peracetic acid: 5.3%
Hydrogen Peroxide: 22.5%
EPA Registration Number 91628-1

OXYSAN 15 Acid Sanitizer

Peracetic acid: 16%
Hydrogen Peroxide: 10.5%
EPA Registration Number 91628-2

OXYSAN1522 Acid Sanitizer

Peracetic acid: 15.9%
Hydrogen Peroxide: 23.34%
EPA Registration Number 91628-3

*Contains Nitric Acid
